## Fearfully and Wonderfully Made

The Psalmist wrote: "I will praise thee; for I am fearfully and wonderfully made: marvelous are thy works; and that my soul knoweth right well" (Psalm 139:14). The human body is a marvelous thing and teaches us many lessons.

First, from the human body, we can deduce that God exists. The many systems and organs in the human body are too complex to have come about by mere chance. Many of our systems are so interconnected that evolution could not account for their existence. The wonders of the human body come from the miraculous creative power of God.

Second, the human body shows the wisdom of God. The human body is so complex that human beings cannot understand it all. Every part of our bodies fulfills some function. Our skeletal system holds up our entire body, but it would be worthless unless supplied with nutrients from our circulatory system. The circulatory system could not do its work unless covered by our protective skin. Everything is kept in balance by our endocrine system. The smallest variation in hormones or enzymes in the endocrine system could mean the difference between life and death. No human mind could conceive of such intricacies and interdependence. No computer could create such a work as the human body. Certainly, the human body shows the infinite wisdom of God.

Third, the greatness of the human body shows the love of God. The human body reflects the love of our heavenly Father. Man is able to build great cities, work on complex machines, make fantastic scientific discoveries, and produce useful communication devices, because he has a useful body. Our bodies enable us to learn about the Lord and to do His will.

We thank God for our physical bodies and realize that we have a responsibility to take care of them (I Corinthians 6:19-20). May an examination of our human body cause us to be thankful to our heavenly Father and to be more determined to be like Him.

## From My Heart to Your Heart

We offer our sincere condolences to brother Norman Brown in the passing of his mother, Rene Brown, on Thursday, June 27. Sister Brown was a faithful member of the Lord's church and had severe health problems for the last few years. We pray God's comfort on Norman and Stephanie and their entire family.

We want to express a word of thanks to everyone who helped out in moving furniture, Bibles, and songbooks last Tuesday morning. There were seventeen present, who worked diligently. Many hands make light work. We are also grateful for everyone's patience and understanding while the new carpeting was being laid in the auditorium, offices, and hallways. Because the computer and printer were disconnected, we were unable to have a bulletin for two weeks. The cushions are scheduled to be removed on July 8.

Marilyn Patterson remains in NAMC and cannot have visitors at this time. She has a compound fracture, internal shingles, and gall bladder problems. Please remember Marilyn in your prayers. Willodyne Gibbons had a fall last week and has a hairline fracture in her ankle, which necessitates her wearing a boot. Randy Pyle states that his mother is getting weaker. Lloyd Jackson is having treatments this week. Barry Hamilton is in serious condition and under hospice care. Daniel Ridinger has been accepted into a new treatment program at M.D. Anderson in Houston. Ann Ridinger will be having surgery, possibly at some point in late August.

James Robbins is experiencing extreme pain in his feet and has other health issues. Brother Bill Brazier is in serious need of prayer. He has an extensive amount of fluid built up in his entire body. Julie Fretwell is recovering from surgery, but she has an additional spot near her heart and lung that will need radiation. Tommy Butler is recovering at home. Also, Ron Moore is recovering at home.

We have been asked to pray for Calvin Gifford, who is the son-in-law of Jackie Miller Poss. Becky Clanton is still dealing with congestive heart failure at home. James Robbins' and Glenda Pyle's brother-in-law, Ronald Hill, is still recovering from burns on his legs. Tracie Trousdale's father, Bill Corum, is doing a little better.

We want to be praying for Daniel McClellan's mother, Sylvia. Also, please pray for Kathryn Miller's brother-in-law, William (Bill) Miller, as he undergoes chemotherapy. Wade Stinnett's cousin, Mike Stinnett, also needs your prayers. Annie Sandlin's sister, Diane Ridgeway, has serious medical problems and needs our prayers. Please continue to pray for those who are fighting cancer: Jennifer Allison, Gene Britnell, Pam Dahlstrom, Julie Fretwell, Calvin Gifford, Rene Griffin, Barry Hamilton, Ken and Beth Hawkins, Lloyd Jackson, Bill Miller, John O'Neill, and Jerry Page.
